

PRODUCTIVE WRITING

This 4-day course is aimed at academic writers at all stages who want to further develop their writing competences. It will help you establish more productive writing habits and enjoy the time you spend writing.

Course components – all together 4 days

- Participation in a 3-day Writing Boot Camp
- Two written reflection on your writing process 2 and 4 weeks after the camp. You receive written feedback.
- A sparring session after 3 weeks on your writing practice (either Skype or meeting in Copenhagen)

Learning objectives and content

- Writing tools that make your writing much more efficient
- The chance to focus solely on your own writing practice for 3 entire days
- Supportive activities and surroundings that promote a good writing process
- Follow-up activities that help you focus and implement new writing habits
